Dear Angler

Those who enjoy angling and love nature are in the ideal location at the Bareiss.

People have been catching brook trout in the River **Murg**, the most famous trout-fishing waters in the northern Black Forest, for ages.

In the upper Murg Valley, the River Murg stretches from Obertal to Schönmünzach and can be fished here on a 12-kilometre stretch. The romantic and pristine brook, with its pools and rapids, captivates every passionate fishing enthusiast. There are also a number of beautiful mountain streams and lakes (as well as weirs) that offer angling adventure.

It has also recently become possible to fish at the hotel's own stream: the Ellbach, where patron Hermann Bareiss himself fished as a child and youth.

To ensure a successful fishing day, we recommend booking our fishing guide (30 €/ hour ; on request possible without fishing licence).
