## Dear Hunter

We are pleased to be able to offer you hunting opportunities in the Baiersbronn-Mitteltal region.

Within the framework of the shooting plan, red and roe deer can be hunted – either in our own Bareiss hunting ground or in the state-owned forests of the Freudenstadt District Forestry Office.

**The Bareiss hunting grounds: »Breitmiß« and »Weiherhalde«**

Our hunt lies at the heart of the »northern Black Forest« red deer territory and makes up an area of about 500 hectares. It is located directly opposite the hotel, on the other side of the River Murg, and is bounded by the Murgtal, Ellbachtal and Buhlbachtal valleys and the state-owned forest. It is very near the Black Forest National Park. The hunting ground rises from 600 metres to an altitude of over 900 metres and is easily accessible via good paths. The hunting grounds contain alternating areas of old stands of spruce and fir, thickets and clearings. More than 20 platforms and another five raised hides are available for hunting.

The hunt on Bareiss grounds »Breitmiß« and »Weiherhalde« is always guided. Our local hunting guide will lead you to the best locations and sit with you.

Our platforms and raised hides are located at a height of over 900 metres and guarantee lasting impressions and unforgettable experiences.

*Those who have never hunted in the Black Forest nor seen the unique natural beauty here should not let this opportunity pass.*

## THE STATE-OWNED FOREST IN BAIERSBRONN

This hunting opportunity is also located at the heart of the »northern Black Forest« red deer territory, in the Baiersbronn-Obertal region. It offers typical forest hunting with red and roe deer. Orientation in the area, and instructions regarding raised hides are provided by the State Forestry Office.

**BADEN-WÜRTTEMBERG'S STATE HUNTING LAW  
AND GERMAN FEDERAL HUNTING LAW (BJAGDG)  
APPLY TO THE HUNT AT THE BAREISS.  
ALL HUNTING SEASONS ARE REGULATED BY LAW.**
